MLG FOOD INGREDIENTS

QUALITY INGREDIENTS SINCE 1979

MLG Food Ingredients was established in 1979 to provide sales representation to the North American food processing industry. The company operates out of a 22,000 square foot plant and warehouse in Mississauga, Ontario which processes and distributes liquid sweeteners, dry sweeteners, edible oils, caramel colours, and other specialty ingredients.

COMPANY VISION & MISSION STATEMENT

The vision of *MLG Food Ingredients* is to become a prominent and reputable global supplier of specialty food ingredients.

MLG's mission is to provide **QUALITY** ingredients, **INNOVATION**, and superior **SERVICE** to the food processing, beverage, pet food, pharmaceutical, and cosmetic industries in Canada, North America, and abroad.

CORPORATE VALUES

- 1 Employee engagement: ensuring our employees are engaged and willing to contribute.
- 2 Continuous process improvement: always finding ways to improve our products and services.
- 3 Quality and Productivity: striving to ensure quality products and ingredients.
- 4 Respect: treating others with respect, always.
- 5 Integrity: operating with integrity.
- 6 Collaboration: working together to achieve results.

COMPANY OBJECTIVES

MLG Food Ingredients strives to contribute to the wellbeing and strength of the food processing industry in Canada and abroad. Canada's manufacturing sectors and economy are evolving from traditional, non-renewable resource extraction and materials manufacturing to more advanced, technically inclined industries such as technology and food production. Therefore, the company aims to solve important problems facing the food industry, while adding value to the industry by providing quality, value-added ingredients while incorporating modern, progressive technologies.

INGREDIENTS

MLG's original focus was on the storage, processing, blending, and distribution of liquid sweeteners. Over time, the company's product range has expanded to include edible oils, caramel colours, and dry natural sweeteners. The company has the capability to supply a wide range of ingredients from any one of its key ingredient categories in a variety of different packaging options, including plastic bottles, jugs, pails, drums, IBC totes, cardboard totes, and bulk tanker loads. Dry ingredients are packaged in cubes, cartons, or bags.

FOOD SAFETY & QUALITY STANDARDS

BRC (British Retail Consortium) approval was achieved in November 2010 enabling MLG Food Ingredients to increase its marketing strength and presence within North American and export markets. Since then, the company has managed to achieve the highest BRC food safety rating of AA, ensuring our customers are provided with the best possible quality and food safety standards. MLG Food ingredients is also Kosher, Halal, CFIA, and FDA certified.
